

A photograph of a young woman with red hair tied back, wearing a white lab coat and gloves. She is focused on a task, possibly using a pipette or similar laboratory equipment. The background is a blurred laboratory setting with blue and white tones.

Engineering the Medicines of Tomorrow

MorphoSys's mission is to make exceptional, innovative biopharmaceuticals to improve the lives of patients suffering from serious diseases. Innovative technologies and smart development strategies are central to our approach. Success is created by our people, who focus on excellence in all they do, collaborate closely across disciplines. We all are driven by a desire to make the medicines of tomorrow a reality. Guided by mutual respect and trust, each member of the MorphoSys team is given the opportunity to develop and flourish within this exciting and inspiring environment. Join us in Planegg near Munich!

We would like to fill the following vacancy as soon as possible:

Scientist (gn) Preclinical Pharmacology (limited to two years)

Your Responsibilities:

- Planning, supervising and reporting of in-house pharmacological in vitro studies
- Identification of "Contract Research Organizations" (CROs) and academic collaborators for in vitro and in vivo preclinical pharmacological studies
- Establishment of study protocols, monitoring and reporting of outsourced in vitro and in vivo activities
- Interaction with project teams and external parties with regard to pharmacological questions
- Contribution to the filing of regulatory documents

Your Requirements:

- PhD in the field of life sciences, ideally complemented by relevant experience in drug development of biologics
- Experience in establishment and analysis of complex multicolor flow cytometry assays
- Practical knowledge in safety level L2/S2 laboratory work
- Experience in experimental in vitro and in vivo models in autoimmunity and/or oncology
- In-depth understanding of immunology, cell biology and oncology
- Teamplayer with well-developed interpersonal abilities and familiarity with requirements of commercial business and interaction with external partners
- Excellent communication skills, both in English and German

We offer:

- Creative working in X-functional teams
- Open and respectful corporate culture
- Multicultural environment
- Working in an attractive, state-of-the-art building with in-house restaurant
- Free sports and language courses

Thank you for your interest! We are looking forward to receiving your pertinent application documents.
