

Engineering the Medicines of Tomorrow

MorphoSys' mission is to make exceptional, innovative biopharmaceuticals to improve the lives of patients suffering from serious diseases. Innovative technologies and smart development strategies are central to our approach. Success is created by our people, who focus on excellence in all they do, collaborate closely across disciplines. We all are driven by a desire to make the medicines of tomorrow a reality. Guided by mutual respect and trust, each member of the MorphoSys team is given the opportunity to develop and flourish within this exciting and inspiring environment. Join us in Planegg near Munich!

We would like to fill the following vacancy as soon as possible:

Scientist (gn) - Mass Spectrometry

Your Responsibilities:

- Perform characterization and quality control of antibodies and antigens using liquid chromatography-mass spectrometry (LC-MS) and other methods
- Perform analytical method development and technology evaluations
- Plan and conduct formulation, stability and comparability studies of antibody lead candidates
- Present and discuss analytical results within MorphoSys project teams and with external partners

Your Requirements:

- PhD, preferably complemented by post-doc or industry experience
- Minimum of two years hands-on experience with mass spectrometry
- Solid background in instrumental analytics and physico-chemical protein characterization
- Sound knowledge in protein chemistry
- Hands-on experience with therapeutic antibodies desirable
- Experience with the evaluation software Expressionist (Genedata) would be beneficial
- Team player with well-developed interpersonal skills

We offer:

- Creative working in X-functional teams
- Open and appreciative corporate culture
- Multicultural environment
- Working in an attractive, high-quality equipped building with restaurant
- Free sports and language courses

Thank you for your interest! We are looking forward to receiving your pertinent application documents. For your application please use exclusively our career portal www.morphosys.com/careers/job-opportunities. We offer not only excellent career prospects, but also support you from the very beginning - even helping you move if necessary.
