

Formycon AG is one of the world's leading developers of biosimilars. With an experienced team comprised of more than 130 professionals, the company is able to span the entire value chain of biosimilar drug development, from market analysis and protein analytics, to the development of production processes, to clinical trials and the regulatory approval process.

To support our Formulation Development team in Martinsried near Munich, we are looking for suitable candidates for the following fulltime permanent position, to begin work as soon as possible:

## Scientist Formulation Development (m/f/d)

### Your responsibilities:

- Design and perform lab experiments, ensure appropriate documentation (preparation of plans, protocols, reports) for drug product formulation, in collaboration with Drug Product Labs and Process Development colleagues and in agreement with current Quality by Design principles
- Take over responsibility for one or more analytical testing equipment, including qualification and maintenance according to GMP requirements
- Supervise CROs (conducting formulation development) and external testing labs when necessary and be author of related documentation, as needed
- Produce high quality documentation and presentations of performed studies and present them to internal and external partners

### Your qualifications:

- Degree in biochemistry, biotechnology, pharmaceutical sciences or a related field plus 1-3 years of relevant work experience
- At least intermediate knowledge in formulation development, protein chemistry and drug product specific analytics
- Experience in the pharmaceutical industry (especially in a GMP surrounding is considered advantageous)
- Creativity and enthusiasm for working in a dynamic fast-growing biopharmaceutical company
- Independent, careful and structured way of working
- Very good command of spoken and written English. Basic German knowledge is considered advantageous
- Very proficient in MS-Office package
- Very good team player
- Work permit for Germany is mandatory

Bring us your skills and energy and shape your own career in a stimulating and open work environment. We are looking for highly motivated individuals who are ready to take on new challenges with enthusiasm and personal commitment. Working at Formycon means being part of a smart, innovative team with minimal hierarchy and opportunity to share your own ideas.

Have we sparked your interest? Then we look forward to receiving your application for employment through our online application portal. Please be sure to include all supporting documents, along with your earliest possible starting date and your salary expectations. We look forward to learning about you and the qualifications which you would bring to this position.
