

CAMPUS MARTINSRIED
Fascination Life Sciences

Seminars on Campus in Martinsried/Großhadern

Seminars at the MPI of Biochemistry, the MPI of Neurobiology, the LMU Biozentrum and Gene Center, the Helmholtz Zentrum Hämatologikum, the University Institutes of Biochemistry and Physiological Chemistry

Week: 30.05.2011 - 03.06.2011

30.05.2011

Max-Planck-Institute of Biochemistry,
Molecular Structural Biology

Miroslava Schaffer

Daresbury Laboratory and Institute of
Engineering, Liverpool, UK

Host: Jürgen Plitzko

Title:

Advanced Applications of
DB-FIB: 3D-FIB EDXS and
optimized sample preparation
for low-kV atomic resolution
STEM

Location:

Seminar room Department C,

Time: Mon, 30.05.2011 11:00

30.05.2011

MPI of Biochemistry,
IMPRS

Julia Epp

EU-Office Bavaria, Max Planck Society

Host: Hans-Jörg Schäffer

Title:

Introduction to EU funding
opportunities for PhD students
and early Post-docs

Location:

MPI of Biochemistry,
T-Building,
Small Lecture Hall

Time: Mon, 30.05.2011 16:00

30.05.2011

LMU

Piero Genovesi

Institute for Environmental Protection and
Research (ISPRA), Italy

Host:

Title:

How to respond to biological
invasions? Prediction, risk
assessment, management &
policy

Location:

LMU Biocenter, Großhadener
Str. 2, 82152 Martinsried,
B01.027

Time: Mon, 30.05.2011 17:00

30.05.2011

LMU,
Gene Center and SFB 646

Anita Corbett

Emory University, USA

Host: Katja Sträßler

Title:

Mutations in a Polyadenosine RNA Binding Protein that Controls Poly (A) Tail Length Lead to Intellectual Disability in Humans and Neuronal Dysfunction in Flies: Size Matters

Location:

Gene Center, Lecture Hall, 0.75

Time: Mon, 30.05.2011 17:00

31.05.2011

Max-Planck-Institute of Biochemistry

Dimitris Thanos

Laboratory of Molecular Biology, Biomedical Research Foundation, Academy of Athens

Host: Jürg Müller

Title:

Stochastic interactions coordinate transcriptional programs

Location:

MPI of Biochemistry, Small Lecture Hall, 1st floor, T-building

Time: Tue, 31.05.2011 11:00

31.05.2011

LMU Biocentre, Genetics and Microbiology

Judith Armitage

University of Oxford, UK

Host: Dirk Schüler

Title:

Protein dynamics revealed by studies into bacterial motility and chemotaxis

Location:

LMU Biocentre, small lecture hall B01.027

Time: Tue, 31.05.2011 17:15

01.06.2011

MPI of Biochemistry, Molecular Medicine

Kathy Cheah

University of Hongkong, Department of Biochemistry

Host: Reinhard Fässler

Title:

New insights into the developmental origin of bone cells

Location:

Molecular Medicine, Seminar Room I8/10

Time: Wed, 01.06.2011 11:00
